PRWeb

IRA Financial Group, the leading provider of "checkbook control" **self-directed Roth IRA** LLC solutions introduces the most tax efficient and IRS approved solution for investing in real estate tax-free with retirement funds. IRA Financial Group's self directed Roth IRA LLC offers one the ability to use his or her after-tax retirement funds to make almost any type of real estate investment on their own without requiring the consent of any custodian or person, including real estate without tax or penalty. The IRS only describes the type of investments that are prohibited, which are very few. "IRA Financial Group's self-directed Roth IRA real estate solution is the best legal tax shelter for real estate investors," stated Adam Bergman , a tax partner with the IRA Financial Group.

IRA Financial Group's Self-Directed Roth IRA LLC for real estate investors, also called a real estate IRA with checkbook control, is an IRS approved structure that allows one to use their retirement funds to make real estate and other investments tax-free and without custodian consent. The Self-Directed Roth IRA LLC involves the establishment of a limited liability company ("LLC") that is owned by the Roth IRA (care of the Roth IRA custodian) and managed by the Roth IRA holder or any third-party. As manager of the Roth IRA LLC, the Roth IRA owner will have control over the Roth IRA assets to make the investments he or she wants and understand - not just investments forced upon you by Wall Street.

The IRS has always permitted a Roth IRA to purchase real estate, raw land, or flip homes. "IRA Financial Group's "checkbook control" self-directed Roth IRA LLC solution, allows investors the ability make real estate purchases and generate income and gains without ever paying tax stated Mr. Bergman. "An increasing number of clients are realizing that using a self directed Roth IRA to make investments will allow one to generate tax-free income for their retirement, stated Jacky Ospina, a retirement tax specialist with the IRA Financial Group.

Instead of buying real estate with personal funds and being subject to tax on the income or upon the disposition of the asset, a **Self Directed Roth IRA real estate LLC** with Checkbook Control will allow one to buy real estate, including rental properties without paying tax immediately. With a self-directed real estate Roth IRA, all income and gains generated by the IRA LLC investment will flow back to the IRA tax-free.

The IRA Financial Group was founded by a group of top law firm tax and ERISA lawyers who have worked at some of the largest law firms in the United States, such as White & Case LLP, Dewey & LeBoeuf LLP, and Thelen LLP.

IRA Financial Group is the market's leading "checkbook control Self Directed IRA Facilitator. IRA Financial Group has helped thousands of clients take back control over their retirement funds while gaining the ability to invest in almost any type of investment, including real estate without custodian consent.
